2. INTRODUCTION

- 2.1. The Boleyn Trust (“the Trust”) under the governance of the Board of Directors (Trustees) (“The Board”) is the legal entity which is responsible for all of the trusts academies. It is their duty to ensure that academies operate efficiently, legally, judiciously and safely.
- 2.2. The purpose of this financial regulations manual is to ensure that each academy within the Trust maintains and develops systems of financial control, which conform to the requirements both of propriety and of good financial management. It is essential that these systems operate properly to meet the requirements of our funding agreements with the Secretary of State for Education, through the Education & Skills Funding Agency.
- 2.3. The Boleyn Trust and its academies must comply with the principles of financial control outlined in the Academies Financial Handbook published by the Department for Education. This financial regulation manual expands on that and provides more detailed information on the Boleyn Trust’s procedures and systems which should be read by all staff involved with financial systems and adopted in all academies within the Boleyn Trust.
- 2.4. This financial regulation manual provides information and guidance on day-to-day operations and practicalities forming from this financial regulation manual.
- 2.5. A predetermined Scheme of Financial Delegation and Procurement Policy operates in conjunction with this financial regulation manual. Academies must adhere to the Scheme of Financial Delegation and Procurement Policy. Only the Boleyn Trust Board can approve variances to the Scheme of Financial Delegation and Procurement Policy. The Scheme of Financial Delegation and Procurement Policy can be found within appendices 16.1 – 16.3.
- 2.6. The Academies Financial Handbook schedule of requirements, Annex C, identifies the ‘musts’ that the Boleyn Trust and its academies need to satisfy. The Board, The Executive’s, Executive Headteachers, Headteachers, Heads of School, Local Governing Bodies, Academy Finance Lead’s, Central Finance Staff and all other staff with financial responsibility must be aware of their responsibilities and for ensuring that correct, compliant and robust procedures are in place and operating effectively.
- 2.7. These financial regulations should be read in conjunction with all other Boleyn Trusts financial management related policies and the Department for Education’s Academies Financial Handbook.
- 2.8. This manual is mandatory for all Boleyn Academies and must be implemented with no amendments.

The Academy Finance Lead /Central Finance Team is responsible for carrying out academy bank statement reconciliations to the financial accounting system for all bank accounts within two weeks of receipt of a statement. Any unreconciled payments older than six months, and unreconciled receipts older than one month, must be investigated and appropriate action taken.

11.2.5 All payments made must be supported by a VAT receipt for goods purchased, along with an appropriate voucher signed by the member of staff receiving the cash. In order for the VAT to be recovered VAT receipts need to be scanned and attached to the journal entry to support the completion of the central VAT return (in the absence of a scanned VAT receipt the expenditure needs to be coded as out of scope for VAT purposes).

11.2.6 The petty cash float can only be maintained/reimbursed from the academy's main

bank account.

- 11.2.7 All petty cash will be kept in a locked box in the school safe and the Academy Finance Lead will be responsible for its security.

- 11.3.3. Purchase cards:
 - Are issued in the Trust's name, typically to the Executive Headteacher / Headteacher and linked to the Academy's bank account.
 - Are subject to the Boleyn Trust purchasing procedures and in all but the most exceptional circumstances (i.e. emergency repair up to a maximum of £500) a pre-authorized purchase order must be obtained prior to a purchase card commitment/transaction being made.

- 11.3.5. Monthly statements are to be authorised by the Executive Headteacher / Headteacher.
- 11.3.6. Misuse of purchase cards by individuals must be reported to the Chief Finance and Operating Officer immediately.

11.3.7. Failure to demonstrate consistent compliance with financial control and authorisation procedures may result in purchase card facilities being withdrawn from key staff and/or the academy, at the discretion of the Boleyn Trust and/or external auditors.

11.4. BACS Procedures and Controls

11.4.1. On the initial set up of a supplier record in the financial accounting system, the Academy Finance Lead will request written confirmation from the company of their bank and VAT registration details on their company headed paper, requesting this be signed by 2 authorised representatives for the company.

11.4.2. On receipt of bank details (initial or subsequent changes thereto) the Academy Finance Lead will obtain independent verification, by way of e-mail or telephone call, using contact details not directly provided by the supplier and will write on/sign the letter of authority that this has been received, before bank details are changed and/or a payment is made.

11.4.3. The Academy Finance Lead will scan and attach both the authorisation request and validation evidence to the supplier record typically within 5 working days of any change being made, retaining the original documents for audit purposes.

11.4.4. The Chief Finance and Operating Officer is responsible for ensuring that all bank account changes applied to the financial accounting system are checked weekly for accuracy and that appropriate verification has been obtained and uploaded. Signed evidence of the checks are to be retained for audit purposes.

11.4.5. All BACS payments on the financial accounting system, together with supporting 'authorised' invoices, must be signed individually by 2 mandated signatories, in accordance with these financial regulations and the Scheme of Financial Delegation, to confirm authorisation for payment.

11.4.6. All BACS payments should be uploaded directly from the financial accounting system into the online banking system, manual keying of BACS payments will require evidence that bank details have been checked against academy records by both authorising signatories.

11.4.7. Once BACS payments have been authorised and processed, remittance advices will be sent to each supplier. It is requirement that the advices are sent electronically, directly from the financial accounting system where an appropriate audit trail is maintained.

11.5. Investments

Maximising income on balances as far as possible through a high deposit account or fixed term investment is recommended, where appropriate, ensuring compliance with the Academies Financial Handbook and guidelines set out in the Boleyn Trust Investment Management Policy. All additional accounts and/or investments must be co-ordinated by and approved by the Chief Executive Officer and Chief Finance and Operating Officer.

12. PURCHASING AND PAYMENT PROCEDURES

The Boleyn Trust must achieve Value for Money on all purchases. A significant proportion of purchases are paid with public funds and it is essential that we maintain the integrity of these funds by following the general principles of:

Probity: It must be demonstrable that there is no corruption or private gain involved in the contractual relationships of the Boleyn Trust and within its academies.

Accountability: The Boleyn Trust and its academies are publicly accountable for their expenditure and the conduct of their affairs.

Fairness: All those involved with the Boleyn Trust and its academies are dealt with on a fair and equitable basis.

12.1. Routine Purchasing

12.1.1. Budget holders will be responsible for requesting the purchase of items or services from their own budgets and in accordance with their delegated limits.

12.1.2. Purchase requests will be made by:

- A direct online requisition/order request via the 'Purchase Requisitions portal' of the financial accounting system.

12.1.3. On receipt of a purchase request the Academy Finance Lead will be responsible for:

Confirming the nominal/account (cost centre) allocation details for each order line are coded correctly.

- Ensuring Value for Money is obtained in all circumstances.
- Ensuring that where multiple competitive quotations are required according to the Scheme of Financial Delegation, documentary evidence of the various quotations obtained must be attached to the purchase request.
- Ensuring that where a quotation other than the lowest is recommended, authorisation must be obtained from the Chief Finance and Operating Officer (with documented rationale) prior to acceptance or proceeding. The Chief Finance and Operating Officer will co-ordinate authorisation in accordance with limits set out in the appropriate Scheme of Financial Delegation.
- Confirming the supplier/contractor against which the order will be raised.
- Confirming, where appropriate, adequate checks (including Safeguarding and risk assessment) are to be made so that contractors engaged for building works have Public Liability Insurance Cover, minimum value determined by the conditions of the Risk Protection Scheme (RPA) and or The Board, from time to time.
- Determining that the budget(s) has/have sufficient funds to meet the order.
- Transferring a purchase request into an unauthorised order on the financial accounting system, typically within 10 working days of receipt.

12.1.4. Orders must be authorised in accordance with the 'Authorisation Limits' set out in

the Scheme of Financial Delegation prior to being placed with a supplier/contractor by the Academy Finance Lead or person with delegated processing/procurement responsibility.

- Orders processed through the financial accounting system will be subject to its advanced workflow and result in a fully authorised Purchase Order being generated which can be sent to the supplier/contractor.

12.1.5. 'Over Budget' orders must be referred to the Chief Finance and Operating Officer and Finance Specialist, for assessment, prior to an authorised order being generated or verbally/manually placed, whereby the Headteacher must provide supporting notes detailing:

- The circumstances leading to an authorised budget element being exceeded.
- Any actions to be taken as a result of a budget element being exceeded i.e. budget update, drawing down contingency etc.
- The impact of the order on both the 'in-year' and 'future periods' budget forecasts.
- Whether reserves will be used to meet the order commitment, if so, can the academy continue to meet the requirements of the Reserves Policy and is this recognised by the SLT?
- 'Over Budget' order requests not supported by appropriate narrative will be rejected.

12.1.6. It is recommended that the Academy Finance Lead, or person with delegated responsibility, review all unauthorised orders on a weekly basis to:

- Determine whether a delay in processing can be identified and resolved.
- Identify historic commitments / orders that are no longer required on the financial accounting system (these still appear as commitments on the purchase ledger and distort the trial balance), once investigated and if appropriate these should be cancelled with an appropriate narrative attached to the system document.
- Provide evidence that the order process is monitored for accuracy and efficiency.

12.1.7. On delivery

- A detailed check of the goods will be undertaken and a record of any discrepancies made.
- The Goods Received Note (Goods Received Note)/delivery note/invoice will be signed and dated by the person(s) performing the above check for audit purposes.
- Once signed the contents of the Goods Received Note/delivery note will be promptly uploaded onto the financial accounting system.
- Any discrepancies between the Goods Received Note/delivery note(s) will be notified to the supplier/contractor within their terms by the Academy Finance Lead or person with delegated order processing/procurement responsibility.
- Discrepancies or returned items will not be entered onto the financial

accounting system as received and the Goods Received Note/delivery note will be annotated accordingly.

- It is recommended that the person checking goods received is not the same as the person raising the order.

12.1.8. If any goods are rejected or returned to the supplier because they are not as ordered, damaged or of a sub-standard quality the Academy Finance Lead or person with delegated responsibility will ensure the goods details are added to a local/central record of goods returned to suppliers.

12.1.9. All invoices received, both Purchase Order Invoices and Non-order Purchase Invoices, will be date stamped, checked against the original order for accuracy (and delivery notes where appropriate) and entered promptly onto the financial accounting system. Particular care should be exercised to ensure VAT is treated correctly and that it is posted into the correct period.

12.1.10. Purchase Order Invoices received where the value, including unanticipated postage/delivery costs, exceeds the authorised purchase order value but is within a tolerance limit determined by the Boleyn Trust, currently £25.00, are automatically approved for payment.

12.2. Internet Purchases

12.2.1. At all times, the same rigour of internal control must be placed on internet purchases as is normally applied to routine/standard procurement with regard to separation of duties, authorisation controls and independent management checking.

12.2.2. The Academy Finance Lead (academy) or person with delegated responsibility will be authorised to place online purchases. Any internet order must be raised in the name of the academy/Trust, not to an individual.

12.2.3. Requests should be made to the Academy Finance Lead or person with delegated responsibility in the normal manner (section 11.1), an official order should be raised on the financial accounting system in all but the most exceptional circumstances and authorised in accordance with the appropriate Scheme of Financial Delegation. Where possible the PO reference number should be quoted on the internet order as a cross reference.

12.2.4. It is the responsibility of the Academy Finance Lead to ensure the internet is the most appropriate means for procurement.

12.2.5. The preferred method of payment for internet purchases will be the request of an invoice from the supplier, using the normal payment route. In the event that this is not possible a key staff member issued with an academy Purchase Card (section 10.3) may place/pay for the purchase against a fully authorised purchase order (PO).

12.2.6. Payment by an individual's personal credit card should only be considered when the above options have been exhausted attempted and failed. The correct authorisation procedure for purchases should still be adhered to (section 11.1) and the academy/trust retains the right to refuse to reimburse the individual if the procedures are not followed.

- 12.2.7. Reimbursements to individuals should be made in the normal manner upon production of an original invoice/receipt.
- 12.2.8. Supplier invoices, delivery notes and all relevant documentation should be obtained for all internet purchases and retained for scanning and attachment to the respective entry in the financial accounting system, this is especially important if any element of VAT is to be reclaimed.
- 12.2.9. Internet purchases should only be used on secure websites that the Chief Finance and Operating Officer/Academy Finance Lead has gained reassurance are safe and free from fraudulent activity. Bidding on online auction websites is not permitted.

12.3. Payments and Procedures

- 12.3.1. Central Finance is accountable for the control of BACS/other electronic payments.
- 12.3.2. Authorisation of any payment(s), in accordance with the appropriate Scheme of Financial Delegation, must be obtained prior to the release of funds.
- 12.3.3. BACS and Faster Payments:
 - BACS processing and payments should be system generated
 - Authorisation levels are determined by the appropriate Scheme of Financial Delegation and must be followed in all instances. Splitting BACS/Faster Payments so that payments fall below a local threshold is not permitted
 - The input, control and monitoring of bank account details for BACS is covered in section 10.4
 - All BACS and Faster Payments require secondary approval to release funds from a bank account.

12.3.4. Internal / Intra-Company Transfers:

The Central Finance Team will be responsible for posting all internal/intra-company transactions on the financial accounting system, including funding payments, and for reconciling the appropriate control accounts in accordance with the Monthly Accounting Timetable.

Central Finance Team will be responsible for processing all bank transfers in relation to internal/intra-company transactions. This must be approved in accordance with the appropriate Scheme of Financial Delegation.

- 12.3.5 The School Approver/Trust Approver must ensure that all financial records are retained in accordance with section 8 and stored in a secure, accessible and logical way.
- 12.3.6 BACS, other electronic payment methods will be made in accordance with the trading terms of individual contractors/suppliers since due regard must be taken of the 'Late Payment and Commercial Debt Regulations 2002' and the reputation of the Boleyn Trust.
- 12.3.7. If discounts are available for prompt payment, then payments can be made

immediately, having taken into account any loss of interest that might arise.

- 12.3.8. A copy of the computer-generated remittance advice relating to the payment will be affixed to the original invoice.
- 12.3.9. Original purchase order invoices (POIN) must be marked as 'PAID' and clearly marked with the financial accounting system payment reference and journal entry numbers.
- 12.3.10. Copy invoices are not to be paid unless verified that payment has not previously been made and that the invoice related to a previously authorised purchase order. References back to the original order are to be made in every case. Once the checks have been made the invoice must be signed to confirm this and endorsed 'Copy invoice not previously passed for payment'.
- 12.3.11. Payments must not be made against statements or pro-forma invoices under any circumstance.
- 12.3.12. All documentary evidence relating to a purchase order/invoice must be scanned and attached to the transaction entry, using the document attachment module, in the financial accounting system, the attachment should include:
 - Purchase Order (fully authorised)
 - Delivery Note/Good Received Note (signed and validated)
 - Invoice (clearly showing approved for payment)
 - Supporting quotes, warranties and additional information as appropriate.
 - Remittance Advice

12.4. Tendering Procedures

12.4.1. Introduction to tendering

In accordance with agreed procurement standards, approval of high value purchases, new contracts and capital projects will only be made after following the Boleyn Trust's tendering procedure.

The Chief Finance and Operating Officer must be advised of potential qualifying purchases/contracts/projects in the first instance by Headteacher prior to proceeding with the tender process. All tendering will be managed centrally and overseen by the Chief Finance and Operating Officer.

If the Boleyn Trust or one of its academies undertakes a high-value or EU-Qualifying purchase an Invitation to Tender will need to be issued as part of the process. An Invitation to Tender is a pack of documents sent out to potential suppliers inviting them to submit a bid.

For more specialist or complex works and purchases, the Trust or academy may choose to appoint a professional third party to carry out the tender process on their behalf (i.e. consultant, architect etc.). If a third party is used, it is expected to apply these regulations with the same rigour and ensure that the principles of the Office of Government Commerce (OGC) Procurement Policy and Standards Framework are adhered to. The COO must be involved in all qualifying capital project work.

12.4.2. Forms of Tenders

There are three forms of tender procedure: open, restricted and negotiated and the circumstances in which each procedure should be used are described below.

Open Tender: This is where all potential suppliers are invited to tender. This is the preferred method of tendering, as it is most conducive to competition and the propriety of public funds.

Restricted Tender: This is where suppliers are specifically invited to tender. Restricted tenders are appropriate where:

- there is a need to maintain balance between the contract value and administrative costs,
- a large number of suppliers would come forward or because the nature of the goods are such that only specific suppliers can be expected to supply the academy's requirements,
- the costs of publicity and advertising are likely to outweigh the potential benefits of open tendering.

Negotiated Tender: The terms of the contract may be negotiated with one or more chosen suppliers. This is appropriate in specific circumstances where:

- the above methods have resulted in either no or unacceptable tenders,
- only one or very few suppliers are available,
- extreme urgency exists
- deliveries by the existing supplier are justified.

12.4.3 Preparation for Tender

Full consideration should be given to the objective of the project, overall requirements, technical skills required, after sales service requirements and form of contract. It may be useful after all requirements have been established to rank requirements (e.g. mandatory, desirable and additional) and awards marks to suppliers on fulfilment of these requirements to help reach an overall decision.

12.4.4. Invitation to Tender

If a restricted tender is used then an invitation to tender must be issued. If an open tender is used an invitation to tender may be issued in response to an initial enquiry.

An invitation to tender should include the following:

- Introduction/background to the project,
- Scope and objectives of the project,
- Technical requirements,
- Implementation of the project,
- Terms and conditions of tender,

- Form of response.

12.4.5. Aspects to Consider

Financial

- Like should be compared with like and if a lower price means a reduced service, functionality, or quality this must be borne in mind when reaching a decision.
- Care should be taken to ensure that the tender price is the total price and that there are no hidden or extra costs.
- Is there scope for negotiation?
- It is recommended that a total cost of ownership exercise, over a minimum period of 5 years, is undertaken

Technical/Suitability

- Qualifications of the contractor/supplier
- Relevant experience of the contractor/supplier
- Description of technical and service facilities
- Certificates of quality/conformity with standards as applicable
- Quality control procedures
- Details of previous sales and references for past customers

Other considerations

- Presales demonstrations
- After sales service and support, warranties
- Financial status of contractor/supplier. Suppliers in financial difficulty may have problems completing contracts and in the provision of after sales service. It may be appropriate to have an accountant or similarly qualified person examine audited accounts etc.

12.4.6. Tender Instructions

- The invitation to tender should state the date and time by which the completed tender document should be received by the academy.
- Tenders should be submitted in plain envelopes clearly marked to indicate they contain tender documents. The envelopes should be time and date stamped on receipt and stored in a secure place prior to tender opening.
- Tenders received after the submission deadline should not normally be accepted.

12.4.7 Tender opening procedures

- Two people should be present for the opening of tenders.
- All tenders submitted should be opened at the same time and the tender details recorded.
- A separate record should be established to record the names of the firms submitting tenders and the amount tendered. This record must be signed by

both people present at the tender opening

12.4.8. Tendering Evaluation and Acceptance

The Board has set a minimum requirement of 3 (three) tenders for fair evaluation purposes and in the interest of achieving best value. In any consideration of less than that number being received the Local Governing Board must refer this in the first instance to the Chief Finance and Operating Officer for subsequent referral to the Audit Committee who will consider whether this is sufficient and consider re tendering. Decisions to go ahead should fully document the justification.

The evaluation process should involve at least two people. Those involved must disclose all interests, business and otherwise, that might impact upon their objectivity. If there is a potential conflict of interest then that person must withdraw from the tendering process.

Those involved in making a decision must take care not to accept gifts or hospitality from potential suppliers/contractors that could compromise or be seen to compromise their independence.

Full records should be kept of all criteria used for evaluation and a report should be prepared for the Audit Committee highlighting the relevant issues recommending a decision.

Where required by the conditions attached to a specific grant from the Department for Education/Education and Skills Funding Agency, their approval must be obtained before the acceptance of a tender.

The accepted tender should normally be the one that is economically most advantageous in terms of best value to the academy that meets all the requirements identified at scoping. All parties should then be informed of the decision. Where a tender other than the lowest has been accepted, the reasons for its acceptance must be documented and reported by the Boleyn Trust Audit Committee. All decisions made must be justified and recorded as such in the minutes of that meeting for future reference.

A copy of the tender documentation should be held on site for easy reference as required.

Acceptance of any tender will be confirmed to the contractor/supplier in writing and no work shall be started until this has been done.

Any contracts awarded will include a paragraph to the effect that any contractor will be prohibited from transferring or assigning, directly or indirectly, any portion of the contract to any other person or contractor, without the written permission of the Audit Committee.

12.5. Official Journal of the European Union

12.5.1. Purchases over the EU threshold are to be dealt with in accordance with OJEU and in accordance with the appropriate Scheme of Financial Delegation.

- 12.5.2. The Boleyn Trust will retain oversight of potential qualifying purchases, procedures detailed in section 12.4.1 must be observed
- 12.5.3. The Audit Committee will be responsible for authorising qualifying purchases, committee minutes will reflect the discussion and authorisation prior to any commitment being made.

12.6. Existing Contract Review and Procedures

- 12.6.1. Where the average annual contract cost per academy exceeds £50,000 then tendering procedures detailed in section 11.4 will be implemented on contract renewal.
- 12.6.2. High-Value contracts with Key Partners i.e. those in excess of £100,000 per annum, or those additionally identified by the Chief Finance and Operating Officer from time to time, will be subject to a formal review every 3 (three) years to ensure best value is maintained, findings and actions if appropriate will be included in the minutes of the next Audit Committee.
- 12.6.3. Intermediate Value Key Partner contracts i.e. those less than £100,000 per annum will be monitored annually along with Boleyn Trust 'Preferred Suppliers' to ensure that best value is maintained.
- 12.6.4 Boleyn Trust Preferred Suppliers are designated by the Audit Committee/Chief Finance and Operating Officer.
- 12.6.5. All 'other contracts' i.e. local academy agreements will be monitored regularly, typically annually, to ensure best value is maintained.

13. PAYROLL AND PERSONNEL PROCEDURES

- 13.1. All staff appointments, amendments to an employee's terms of employment and terminations of employment are to be made in accordance with the arrangements laid down in section 3.8. of this policy, the Boleyn Scheme of Delegation and other relevant Boleyn policies.
- 13.2 There must be clear two step authentication of data input and approval on a Payroll Service Providers electronic platform. In all instances the instruction to apply and approve changes/updates must be made in accordance with arrangements set out in section 3.8. of this policy.
- 13.3. The Academy Finance Lead (or person with specifically delegated responsibility) and School Approver (SA) i.e. Executive Headteacher (EHT)/Headteacher (HT) will be responsible for maintaining accurate and up to date personnel records within the payroll service provider system and ensuring that the information is also passed over to Central Finance Team on time for updating Boleyn Trust financial accounting and budgeting systems.
- 13.4. Neither the Executive Headteacher / Headteacher nor the Head of School (HoS)/Deputy Headteacher (DH) can authorise amendments concerning their own pay and contract conditions. Changes to the Executive Headteacher / Headteacher pay and contract

conditions must be authorised by the Chief Executive Officer.

- 13.5. The Academy Finance Lead cannot authorise amendments concerning their own pay and contract conditions. Changes to the Academy Finance Lead pay contract conditions must be authorised by the Headteacher.
- 13.6. Designated individuals within The Boleyn Trust Central Operations Team will retain administrator and authoriser permissions across all academies within the Boleyn Trust for support and resilience purposes.
- 13.7. All salary payments must be made by BACS.
- 13.8. The Academy Finance Lead has responsibility for checking and reconciling actual monthly payroll payments and deductions to those expected and committed, in accordance with timeframes determined in the Monthly Accounting Timetable.
- 13.9. The Apprenticeship Levy will be monitored by Central Finance, who will liaise with both the Payroll Service Provider and Academy Finance Lead's and make adjustments as necessary.
- 13.10. Payments made each month to the Payroll Service Provider are debited against the relevant budgets and credited to payroll control accounts. After the appropriate BACS transfers and the corresponding entries in the payroll control accounts and the academy/trust bank accounts have been made, any balance remaining in the payroll control accounts must be reconciled and appropriate explanations documented. It is the responsibility of the Central Finance Team to ensure that this is done.
- 13.11. Each month the Central Finance Team will reconcile back to bank statements all payments for salaries, BACS and other salary related payments.
- 13.12. Each term the Executive Headteacher/Headteacher, will check a sample of personnel/budget records maintained by the academy to the payments actually made by the Payroll Service Provider. Any variances must be investigated, and a documented explanation provided, with adjustments made as appropriate.
- 13.13. It is expected that over the course of an academic year every member of staff would have his/her salary payment checked against budget and personnel records at least termly. It is the responsibility of the Executive Headteacher / Headteacher to ensure this is done. This monitoring is to be recorded and available for checking by external auditors, Boleyn Trust Cross-MAT Team and Accounting Officer as required.
- 13.14. Copies of all individual notifications to the Payroll Provider will be filed by the Academy Finance Lead (or specifically designated individual) in the personal file of the staff member concerned and kept secure.
- 13.15. The Executive Headteacher / Headteacher (or formally delegated authority) will carry out termly management checks to ensure that all internal control mechanisms shown above are in place and are being adhered to, and to ensure the accuracy of payroll working papers.
- 13.16. The Academy Finance Lead/Academy HR Lead is responsible for ensuring that annual salary statements are issued to all staff as follows:

- Those employees on Teachers Conditions – September annually
- Those employees on Local Government Conditions – April annually
- Copies of salary statements are to be filed in the employee’s personal file and kept secure.

14. INCOME

14.1. EFSA Grants

- 14.1.1. The main source of income for the Boleyn Trust is by way of academy grants from the Education and Skills Funding Agency, i.e. General Annual Grant, Pupil Premium Grant, Universal Infant Free School Meals Grant, PE & Sports Grant etc.
- 14.1.2. All Education and Skills Funding Agency Grant transaction processing, including posting onto the financial accounting system, will be undertaken centrally and monitored by the Chief Finance and Operating Officer and Finance Specialist.
- 14.1.3. It is the responsibility of the Academy Finance Lead to ensure that ESFA funding in relation to their academy(s) reconciles and that holdback calculations are accurate. The original Education and Skills Funding Agency remittance advice and a Payment Schedule, detailing holdback calculations and cumulative funding information, will be provided for reconciliation purposes.
- 14.1.4. It is the responsibility of the Academy Finance Lead to ensure that Education and Skills Funding Agency Grants due to the academy are received and that any variance between budget and actuals are investigated immediately.

14.2. Other Grants

- 14.2.1. The receipt of these sums e.g. Local Authority Income, is monitored directly by the Academy Finance Lead who is responsible for ensuring that all grants due to the academy are collected.
- 14.2.2. Variances between budget and actuals should be investigated immediately and reported to the Executive Headteacher / Headteacher.

14.3. Other income

- 14.3.1. Other income includes but is not limited to catering, lettings, trips, clubs and charitable collections.
- 14.3.2. It is the responsibility of the Academy Finance Lead to ensure that all income due to the academy has been received, banked and that all income due to the academy is collected and all information passed to Central Finance Team to be reconciled to the financial accounting system.
- 14.3.3. Income received through automated online payment systems (cashless facilities) for items such as dinner money, lettings, trips, clubs, charitable collections etc. will be entered onto the financial accounting system at least weekly, supported by system generated reports that detail the amount, name of the person that the payment

relates to, date and purpose of the payment and then reconciled to the bank account as soon as practicable. When setting up a contract with a new supplier for provision of an online payment system, consideration should be given to the following areas:

- Basis of fees payable to the company
- Complete audit trail and facility of income reconciliation of totals received
- Reminder facilities to chase up overdue amounts.

Any contract for the services of an online parental payment system service provider will be reviewed regularly by the Boleyn Trust to ensure its academies are receiving value for money and that the provider is giving an adequate service.

- 14.3.4. All 'other income' not received electronically should be accepted in a money envelope and recorded immediately, on the academy's Daily Income Collection Record (appendix 16.4) subsequently entered onto the financial accounting system. The collection record must contain the amount received, the name of the person / organisation making the payment, the person acknowledging receipt, the date the payment is received by the academy and the method by which the payment is made i.e. cheque or cash. It is recommended best practice that where cash is received dual control exists and that money envelopes are retained for at least 3 months.
- 14.3.5. All income received by the academy should be banked at a minimum weekly and in full. The insurance cover for cheques and cash held on site must not be exceeded. However, if a high level of income is expected e.g. proceeds from a fete, the insurer must be informed to obtain short term cover and the income must then be banked as soon as practicable.
- 14.3.6. Personal cheques must not be cashed.
- 14.3.7. When income is banked the collection record must be totalled in value in order to provide a clear cross reference to the value entered on the paying in slip. The bank paying in slip number should then be entered onto the income collection record to assist in providing a clear and simple audit trail.
- 14.3.8. The Academy Finance Lead is responsible for preparing reconciliations between the sums collected, the sums deposited at the bank, and ensuring this reconciliation is provided to the Central Finance Team to be posted to the accounting system. The reconciliations must be prepared promptly after each banking and must be reviewed and certified by the Headteacher.
- 14.3.9. Other income received at the academy will be acknowledged to the payer by either:

- Issue of a receipt when the value of the payment exceeds £20.00.

No category of other income should be excluded from the issue of a receipt e.g. academy meals, charitable collections, trips, clubs etc. Copies of receipts issued should be retained for future reference, e.g. to resolve a future reference.

Where required, official pre-numbered academy receipts should be issued for all cheques and cash where no other formal documentation exists. All cheques and cash must be kept safe prior to banking.

14.4. Invoiced Income

- 14.4.1. Income due that is not managed through an online payment service provision i.e. School Money, must be invoiced using the financial accounting system.
- 14.4.2. The Boleyn Trust is not VAT registered, VAT on income does not need to be accounted for.

14.5. Gift Aid

- 14.5.1. The Boleyn Trust is an exempt charity and able to claim gift aid on donations from individuals.
- 14.5.2. Gift aid claims will be made online by Central Finance, on behalf of an academy, against supporting information provided by the Academy Finance Lead.
- 14.5.3. Gift aid income will be remitted to the Boleyn Trust, reconciled against the application, and then transferred to the academy to which it relates.

15. RISK MANAGEMENT

- 15.1. The Local Governing Board should ensure that a risk register is prepared and updated regularly in the format determined by the Boleyn Trust. It should identify significant risks and the member of staff responsible for managing it.
- 15.2. It is recommended that reviews are undertaken at least termly initially by a 'working party' consisting of a Local Governor, Executive Headteacher / Headteacher and Academy Finance Lead and that both local and central risks are included and managed in line with the Boleyn Trust Risk Management Policy, for discussion at the next Local Governing Board or Committee meeting and included in the minutes as appropriate.
- 15.3. Risk Management must be an agenda item at each Local Governing Board, Committee meeting and a copy of the register present for discussion.
- 15.4. Termly a copy of the Risk Register must be submitted to centralservices@theboleyntrust.org or more regularly if significant changes are identified.
- 15.5. Where risk arises that threatens the reputation of the Boleyn Trust or the financial viability of an academy, they should be notified to the Audit Committee through the Chief Finance and Operating Officer immediately.

16.3 Procurement Policy

2. INTRODUCTION

- 2.1. The Boleyn Trust (“the Trust”) under the governance of the Board of Directors (Trustees) (“The Board”) is the legal entity which is responsible for all of the trusts academies. It is their duty to ensure that academies operate efficiently, legally, judiciously and safely.
- 2.2. The purpose of this financial regulations manual is to ensure that each academy within the Trust maintains and develops systems of financial control, which conform to the requirements both of propriety and of good financial management. It is essential that these systems operate properly to meet the requirements of our funding agreements with the Secretary of State for Education, through the Education & Skills Funding Agency.
- 2.3. The Boleyn Trust and its academies must comply with the principles of financial control outlined in the Academies Financial Handbook published by the Department for Education. This financial regulation manual expands on that and provides more detailed information on the Boleyn Trust’s procedures and systems which should be read by all staff involved with financial systems and adopted in all academies within the Boleyn Trust.
- 2.4. This financial regulation manual provides information and guidance on day-to-day operations and practicalities forming from this financial regulation manual.
- 2.5. A predetermined Scheme of Financial Delegation and Procurement Policy operates in conjunction with this financial regulation manual. Academies must adhere to the Scheme of Financial Delegation and Procurement Policy. Only the Boleyn Trust Board can approve variances to the Scheme of Financial Delegation and Procurement Policy. The Scheme of Financial Delegation and Procurement Policy can be found within appendices 16.1 – 16.3.
- 2.6. The Academies Financial Handbook schedule of requirements, Annex C, identifies the ‘musts’ that the Boleyn Trust and its academies need to satisfy. The Board, The Executive’s, Executive Headteachers, Headteachers, Heads of School, Local Governing Bodies, Academy Finance Lead’s, Central Finance Staff and all other staff with financial responsibility must be aware of their responsibilities and for ensuring that correct, compliant and robust procedures are in place and operating effectively.
- 2.7. These financial regulations should be read in conjunction with all other Boleyn Trusts financial management related policies and the Department for Education’s Academies Financial Handbook.

12. PURCHASING AND PAYMENT PROCEDURES

The Boleyn Trust must achieve Value for Money on all purchases. A significant proportion of purchases are paid with public funds and it is essential that we maintain the integrity of these funds by following the general principles of:

Probity: It must be demonstrable that there is no corruption or private gain involved in the contractual relationships of the Boleyn Trust and within its academies.

Accountability: The Boleyn Trust and its academies are publicly accountable for their expenditure and the conduct of their affairs.

Fairness: All those involved with the Boleyn Trust and its academies are dealt with on a fair and equitable basis.

12.1. Routine Purchasing

12.1.1. Budget holders will be responsible for requesting the purchase of items or services from their own budgets and in accordance with their delegated limits.

12.1.2. Purchase requests will be made by:

- A direct online requisition/order request via the 'Purchase Requisitions portal' of the financial accounting system.

12.1.3. On receipt of a purchase request the Academy Finance Lead will be responsible for:

Confirming the nominal/account (cost centre) allocation details for each order line are coded correctly.

- Ensuring Value for Money is obtained in all circumstances.
- Ensuring that where multiple competitive quotations are required according to the Scheme of Financial Delegation, documentary evidence of the various quotations obtained must be attached to the purchase request.
- Ensuring that where a quotation other than the lowest is recommended, authorisation must be obtained from the Chief Finance and Operating Officer (with documented rationale) prior to acceptance or proceeding. The Chief Finance and Operating Officer will co-ordinate authorisation in accordance with limits set out in the appropriate Scheme of Financial Delegation.
- Confirming the supplier/contractor against which the order will be raised.
- Confirming, where appropriate, adequate checks (including Safeguarding and risk assessment) are to be made so that contractors engaged for building works have Public Liability Insurance Cover, minimum value determined by the conditions of the Risk Protection Scheme (RPA) and or The Board, from time to time.
- Determining that the budget(s) has/have sufficient funds to meet the order.
- Transferring a purchase request into an unauthorised order on the financial accounting system, typically within 10 working days of receipt.

12.1.4. Orders must be authorised in accordance with the 'Authorisation Limits' set out in the Scheme of Financial Delegation prior to being placed with a supplier/contractor by the Academy Finance Lead or person with delegated processing/procurement responsibility.

- Orders processed through the financial accounting system will be subject to its advanced workflow and result in a fully authorised Purchase Order being generated which can be sent to the supplier/contractor.

12.1.5. 'Over Budget' orders must be referred to the Chief Finance and Operating Officer and Finance Specialist, for assessment, prior to an authorised order being generated or verbally/manually placed, whereby the Headteacher must provide supporting

notes detailing:

- The circumstances leading to an authorised budget element being exceeded.
- Any actions to be taken as a result of a budget element being exceeded i.e. budget update, drawing down contingency etc.
- The impact of the order on both the 'in-year' and 'future periods' budget forecasts.
- Whether reserves will be used to meet the order commitment, if so, can the academy continue to meet the requirements of the Reserves Policy and is this recognised by the SLT?
- 'Over Budget' order requests not supported by appropriate narrative will be rejected.

12.1.6. It is recommended that the Academy Finance Lead, or person with delegated responsibility, review all unauthorised orders on a weekly basis to:

- Determine whether a delay in processing can be identified and resolved.
- Identify historic commitments / orders that are no longer required on the financial accounting system (these still appear as commitments on the purchase ledger and distort the trial balance), once investigated and if appropriate these should be cancelled with an appropriate narrative attached to the system document.
- Provide evidence that the order process is monitored for accuracy and efficiency.

12.1.7. On delivery

- A detailed check of the goods will be undertaken and a record of any discrepancies made.
- The Goods Received Note (Goods Received Note)/delivery note/invoice will be signed and dated by the person(s) performing the above check for audit purposes.
- Once signed the contents of the Goods Received Note/delivery note will be promptly uploaded onto the financial accounting system.
- Any discrepancies between the Goods Received Note/delivery note(s) will be notified to the supplier/contractor within their terms by the Academy Finance Lead or person with delegated order processing/procurement responsibility.
- Discrepancies or returned items will not be entered onto the financial accounting system as received and the Goods Received Note/delivery note will be annotated accordingly.
- It is recommended that the person checking goods received is not the same as the person raising the order.

12.1.8. If any goods are rejected or returned to the supplier because they are not as ordered, damaged or of a sub-standard quality the Academy Finance Lead or person with delegated responsibility will ensure the goods details are added to a local/central record of goods returned to suppliers.

12.1.9. All invoices received, both Purchase Order Invoices and Non-order Purchase

Invoices, will be date stamped, checked against the original order for accuracy (and delivery notes where appropriate) and entered promptly onto the financial accounting system. Particular care should be exercised to ensure VAT is treated correctly and that it is posted into the correct period.

12.1.10. Purchase Order Invoices received where the value, including unanticipated postage/delivery costs, exceeds the authorised purchase order value but is within a tolerance limit determined by the Boleyn Trust, currently £25.00, are automatically approved for payment.

12.2. Internet Purchases

12.2.1. At all times, the same rigour of internal control must be placed on internet purchases as is normally applied to routine/standard procurement with regard to separation of duties, authorisation controls and independent management checking.

12.2.2. The Academy Finance Lead (academy) or person with delegated responsibility will be authorised to place online purchases. Any internet order must be raised in the name of the academy/Trust, not to an individual.

12.2.3. Requests should be made to the Academy Finance Lead or person with delegated responsibility in the normal manner (section 11.1), an official order should be raised on the financial accounting system in all but the most exceptional circumstances and authorised in accordance with the appropriate Scheme of Financial Delegation. Where possible the PO reference number should be quoted on the internet order as a cross reference.

12.2.4. It is the responsibility of the Academy Finance Lead to ensure the internet is the most appropriate means for procurement.

12.2.5. The preferred method of payment for internet purchases will be the request of an invoice from the supplier, using the normal payment route. In the event that this is not possible a key staff member issued with an academy Purchase Card (section 10.3) may place/pay for the purchase against a fully authorised purchase order (PO).

12.2.6. Payment by an individual's personal credit card should only be considered when the above options have been exhausted attempted and failed. The correct authorisation procedure for purchases should still be adhered to (section 11.1) and the academy/trust retains the right to refuse to reimburse the individual if the procedures are not followed.

12.2.7. Reimbursements to individuals should be made in the normal manner upon production of an original invoice/receipt.

12.2.8. Supplier invoices, delivery notes and all relevant documentation should be obtained for all internet purchases and retained for scanning and attachment to the respective entry in the financial accounting system, this is especially important if any element of VAT is to be reclaimed.

12.2.9. Internet purchases should only be used on secure websites that the Chief Finance and Operating Officer/Academy Finance Lead has gained reassurance are safe and

free from fraudulent activity. Bidding on online auction websites is not permitted.

12.3. Payments and Procedures

12.3.1. Central Finance is accountable for the control of BACS/other electronic payments.

12.3.2. Authorisation of any payment(s), in accordance with the appropriate Scheme of Financial Delegation, must be obtained prior to the release of funds.

12.3.3. BACS and Faster Payments:

- BACS processing and payments should be system generated
- Authorisation levels are determined by the appropriate Scheme of Financial Delegation and must be followed in all instances. Splitting BACS/Faster Payments so that payments fall below a local threshold is not permitted
- The input, control and monitoring of bank account details for BACS is covered in section 10.4
- All BACS and Faster Payments require secondary approval to release funds from a bank account.

12.3.4. Internal / Intra-Company Transfers:

The Central Finance Team will be responsible for posting all internal/intra-company transactions on the financial accounting system, including funding payments, and for reconciling the appropriate control accounts in accordance with the Monthly Accounting Timetable.

Central Finance Team will be responsible for processing all bank transfers in relation to internal/intra-company transactions. This must be approved in accordance with the appropriate Scheme of Financial Delegation.

12.3.5 The School Approver/Trust Approver must ensure that all financial records are retained in accordance with section 8 and stored in a secure, accessible and logical way.

12.3.6 BACS, other electronic payment methods will be made in accordance with the trading terms of individual contractors/suppliers since due regard must be taken of the 'Late Payment and Commercial Debt Regulations 2002' and the reputation of the Boleyn Trust.

12.3.7. If discounts are available for prompt payment, then payments can be made immediately, having taken into account any loss of interest that might arise.

12.3.8. A copy of the computer-generated remittance advice relating to the payment will be affixed to the original invoice.

12.3.9. Original purchase order invoices (POIN) must be marked as 'PAID' and clearly marked with the financial accounting system payment reference and journal entry numbers.

12.3.10. Copy invoices are not to be paid unless verified that payment has not previously been made and that the invoice related to a previously authorised purchase order.

References back to the original order are to be made in every case. Once the checks have been made the invoice must be signed to confirm this and endorsed 'Copy invoice not previously passed for payment'.

12.3.11. Payments must not be made against statements or pro-forma invoices under any circumstance.

12.3.12. All documentary evidence relating to a purchase order/invoice must be scanned and attached to the transaction entry, using the document attachment module, in the financial accounting system, the attachment should include:

- Purchase Order (fully authorised)
- Delivery Note/Good Received Note (signed and validated)
- Invoice (clearly showing approved for payment)
- Supporting quotes, warranties and additional information as appropriate.
- Remittance Advice

12.4. Tendering Procedures

12.4.1. Introduction to tendering

In accordance with agreed procurement standards, approval of high value purchases, new contracts and capital projects will only be made after following the Boleyn Trust's tendering procedure.

The Chief Finance and Operating Officer must be advised of potential qualifying purchases/contracts/projects in the first instance by Headteacher prior to proceeding with the tender process. All tendering will be managed centrally and overseen by the Chief Finance and Operating Officer.

If the Boleyn Trust or one of its academies undertakes a high-value or EU-Qualifying purchase an Invitation to Tender will need to be issued as part of the process. An Invitation to Tender is a pack of documents sent out to potential suppliers inviting them to submit a bid.

For more specialist or complex works and purchases, the Trust or academy may choose to appoint a professional third party to carry out the tender process on their behalf (i.e. consultant, architect etc.). If a third party is used, it is expected to apply these regulations with the same rigour and ensure that the principles of the Office of Government Commerce (OGC) Procurement Policy and Standards Framework are adhered to. The COO must be involved in all qualifying capital project work.

12.4.2. Forms of Tenders

There are three forms of tender procedure: open, restricted and negotiated and the circumstances in which each procedure should be used are described below.

Open Tender: This is where all potential suppliers are invited to tender. This is the preferred method of tendering, as it is most conducive to competition and the propriety of public funds.

Restricted Tender: This is where suppliers are specifically invited to tender. Restricted tenders are appropriate where:

- there is a need to maintain balance between the contract value and administrative costs,
- a large number of suppliers would come forward or because the nature of the goods are such that only specific suppliers can be expected to supply the academy's requirements,
- the costs of publicity and advertising are likely to outweigh the potential benefits of open tendering.

Negotiated Tender: The terms of the contract may be negotiated with one or more chosen suppliers. This is appropriate in specific circumstances where:

- the above methods have resulted in either no or unacceptable tenders,
- only one or very few suppliers are available,
- extreme urgency exists
- deliveries by the existing supplier are justified.

12.4.3 Preparation for Tender

Full consideration should be given to the objective of the project, overall requirements, technical skills required, after sales service requirements and form of contract. It may be useful after all requirements have been established to rank requirements (e.g. mandatory, desirable and additional) and awards marks to suppliers on fulfilment of these requirements to help reach an overall decision.

12.4.4. Invitation to Tender

If a restricted tender is used then an invitation to tender must be issued. If an open tender is used an invitation to tender may be issued in response to an initial enquiry.

An invitation to tender should include the following:

- Introduction/background to the project,
- Scope and objectives of the project,
- Technical requirements,
- Implementation of the project,
- Terms and conditions of tender,
- Form of response.

12.4.5. Aspects to Consider

Financial

- Like should be compared with like and if a lower price means a reduced service, functionality, or quality this must be borne in mind when reaching a decision.

- Care should be taken to ensure that the tender price is the total price and that there are no hidden or extra costs.
- Is there scope for negotiation?
- It is recommended that a total cost of ownership exercise, over a minimum period of 5 years, is undertaken

Technical/Suitability

- Qualifications of the contractor/supplier
- Relevant experience of the contractor/supplier
- Description of technical and service facilities
- Certificates of quality/conformity with standards as applicable
- Quality control procedures
- Details of previous sales and references for past customers

Other considerations

- Presales demonstrations
- After sales service and support, warranties
- Financial status of contractor/supplier. Suppliers in financial difficulty may have problems completing contracts and in the provision of after sales service. It may be appropriate to have an accountant or similarly qualified person examine audited accounts etc.

12.4.6. Tender Instructions

- The invitation to tender should state the date and time by which the completed tender document should be received by the academy.
- Tenders should be submitted in plain envelopes clearly marked to indicate they contain tender documents. The envelopes should be time and date stamped on receipt and stored in a secure place prior to tender opening.
- Tenders received after the submission deadline should not normally be accepted.

12.4.7 Tender opening procedures

- Two people should be present for the opening of tenders.
- All tenders submitted should be opened at the same time and the tender details recorded.
- A separate record should be established to record the names of the firms submitting tenders and the amount tendered. This record must be signed by both people present at the tender opening

12.4.8. Tendering Evaluation and Acceptance

The Board has set a minimum requirement of 3 (three) tenders for fair evaluation purposes and in the interest of achieving best value. In any consideration of less than that number being received the Local Governing Board must refer this in the first instance to the Chief Finance and Operating Officer for subsequent referral to the Audit Committee who will consider whether this is sufficient and consider re tendering. Decisions to go ahead should fully document the justification.

The evaluation process should involve at least two people. Those involved must disclose all interests, business and otherwise, that might impact upon their objectivity. If there is a potential conflict of interest then that person must withdraw from the tendering process.

Those involved in making a decision must take care not to accept gifts or hospitality from potential suppliers/contractors that could compromise or be seen to compromise their independence.

Full records should be kept of all criteria used for evaluation and a report should be prepared for the Audit Committee highlighting the relevant issues recommending a decision.

Where required by the conditions attached to a specific grant from the Department for Education/Education and Skills Funding Agency, their approval must be obtained before the acceptance of a tender.

The accepted tender should normally be the one that is economically most advantageous in terms of best value to the academy that meets all the requirements identified at scoping. All parties should then be informed of the decision. Where a tender other than the lowest has been accepted, the reasons for its acceptance must be documented and reported by the Boleyn Trust Audit Committee. All decisions made must be justified and recorded as such in the minutes of that meeting for future reference.

A copy of the tender documentation should be held on site for easy reference as required.

Acceptance of any tender will be confirmed to the contractor/supplier in writing and no work shall be started until this has been done.

Any contracts awarded will include a paragraph to the effect that any contractor will be prohibited from transferring or assigning, directly or indirectly, any portion of the contract to any other person or contractor, without the written permission of the Audit Committee.

12.5. Official Journal of the European Union

12.5.1. Purchases over the EU threshold are to be dealt with in accordance with OJEU and in accordance with the appropriate Scheme of Financial Delegation.

12.5.2. The Boleyn Trust will retain oversight of potential qualifying purchases, procedures detailed in section 12.4.1 must be observed

12.5.3. The Audit Committee will be responsible for authorising qualifying purchases, committee minutes will reflect the discussion and authorisation prior to any commitment being made.

12.6. Existing Contract Review and Procedures

- 12.6.1. Where the average annual contract cost per academy exceeds £50,000 then tendering procedures detailed in section 11.4 will be implemented on contract renewal.
- 12.6.2. High-Value contracts with Key Partners i.e. those in excess of £100,000 per annum, or those additionally identified by the Chief Finance and Operating Officer from time to time, will be subject to a formal review every 3 (three) years to ensure best value is maintained, findings and actions if appropriate will be included in the minutes of the next Audit Committee.
- 12.6.3. Intermediate Value Key Partner contracts i.e. those less than £100,000 per annum will be monitored annually along with Boleyn Trust 'Preferred Suppliers' to ensure that best value is maintained.
- 12.6.4 Boleyn Trust Preferred Suppliers are designated by the Audit Committee/Chief Finance and Operating Officer.
- 12.6.5. All 'other contracts' i.e. local academy agreements will be monitored regularly, typically annually, to ensure best value is maintained.
